

## JUDGE BETHUNE IS GONE INTO BEYOND

Deceased Jurist Was Well Known in This State

The news of the death of Judge J. D. Bethune, at his Los Angeles home, last week, was received with regret by those who knew him in this state and especially in this county, where he was better known, since he served on the district court bench in this county.

Judge Bethune was seventy years old at the time of his death. He was a gentleman of the old school, and a good judge.

Ex-Judge Bethune leaves a widow, three sons and three daughters—Frank, James, Joseph and Isabelle Bethune, Mrs. Fannie Brandon of Detroit and Mrs. Agnes Ellington of Los Angeles.

Ex-Judge Bethune was born near Columbus, Ga., July 3, 1842, on his father's plantation. It was his father who discovered "Blind Tom," the negro musical prodigy, while the latter was a youngster on the Bethune estate.

He spent his boyhood on this plantation. At the age of 18 he enlisted in the Confederate army, served with General Longstreet's corps during the four years of the civil war, and was made a lieutenant.

In 1869 he went to Virginia to finish his education. There he married Miss Agnes Clark.

Seven years later he came to southern California, setting a law office up there in 1876, and practicing until President Cleveland, during his first term, made Bethune register of the land office in 1885.

It was in 1894 that Cleveland appointed Bethune to the supreme bench of the then Territory of Arizona. After serving the full term, Bethune returned to Los Angeles and resumed

## JONES WILL COME WITH CARL HAYDEN

Attorney General Bullard Unable to Speak in Bisbee Because of Business

Hon. Wiley E. Jones, of the corporation commission, will accompany Carl Hayden, candidate for congress, and Senator Mark Smith, to Bisbee Thursday, instead of Attorney General George Purdy Bullard, who will be detained at the capital by urgent state business.

While it will be regretted that Mr. Bullard finds it impossible to come to Bisbee at this time, the news that Mr. Jones is to fill his place will be welcomed, as he is very popular in this part of the state, as shown by the vote for presidential elector. He is not only personally popular, but is said to be a very able speaker.

The arrangements committee of the local democratic organization had not rented a hall for the meeting yesterday, but will do so today, and announce the place where the speaking Thursday evening is to be held.

The information that Mr. Jones will be of the speaking trio was telephoned to Bisbee yesterday afternoon by County Chairman M. C. Hankins, of Douglas, who was advised by telegraph from Phoenix of the change. Mr. Hankins will go to Tombstone today to confer with democratic leaders of that town.

his law practice there. This he was engaged in until two years ago, when he suffered an attack of heart trouble which caused him to retire from professional life.

## BUDROW TELLS HIS TROUBLES

Mining Man Thrown into Mexican Jail to Get Ransom Reaches Douglas After Long Trip

STORE IS LOOTED

L. R. Budrow, superintendent of the El Tigre company in Sonora, was in Douglas yesterday, returning there Saturday from El Paso, where he had been on business. Mr. Budrow had a strenuous time with the rebel general, Salazar, during the time his camp was in the hands of that old looter.

The company store was left with nothing in the way of provisions, clothing or other articles that Salazar and his men took a fancy to. Twenty-two bars of silver bullion were taken from the company.

Mr. Budrow was held in custody during the stay of the rebels, who demanded \$200,000 for his release. There was not that amount of cash available in that part of Sonora for that purpose, and Mr. Budrow for a time thought he might be compelled to take a trip to wherever the rebels might wander after leaving the El Tigre.

Rebels Are Stampeded Finally, the rebel scouts brought word that federal troops, composed mostly of Yaqui Indians, were approaching the camp from Yzabel. Then there was a stampede of the rebels, who evacuated the camp in such haste that they overlooked Budrow and their desire for ransom suddenly faded away, as they scampered over the hills to a place of safety on the Bavispe river.

The rebels left in such haste that the abandoned the bullion, hiding it here and there in their retreat. In a few days some Mexicans appeared with two bars of the bullion, claim-

## ARIZONA BANKS SHOW INCREASE IN FUNDS

Deposits Gain Nearly Three Millions Reflecting Prosperity of Young State

In the year ending September 1 the resources of the banks, state and national, in Arizona was \$3,271,264.74. This is the showing presented by the latest report sent out from the office of J. C. Callaghan, state bank controller.

In that time the deposits gained \$2,853,012.24. Thus is the prosperity of the entire state clearly reflected and generally all of the figures show substantial increases over the past on the right side of the ledger in all respects.

About one-ninth of the bank resources of the entire state are to be found in the Warren district where the four banks' show resources of \$3,135,430.28 against \$29,395,214.94 in all of the fifty-three banks of the state. In Cochise county the bank resources amount to 18 per cent of the entire state totaling \$5,315,613.80 so that the financial importance of the county is made the more striking by such comparisons.

ing to have found it in a nearby canyon.

Big Reward Offered This caused Budrow to believe that more might be found, and he offered a reward of \$200 per bar, about half its real worth, for its return, and during the week or ten days it was all returned.

Mrs. Budrow, who has been in California during the summer and revolutionary troubles, returned to Douglas yesterday morning and joined her husband.

## EAST BUTTE SHOWS ADVANCE

Copper Stocks in London Sees Recovery and Other Shares Will Run to High Bids

MARKET IS STRONG

BOSTON, Oct. 14.—The notable feature on the Boston market today was the small amount of liquidation in the face of the sharp break in London quotations for both stocks and metal. A few hundred shares of North Butte were pressed for sale at the opening, but after the opening the offerings were small and the close was within a quarter of a point of Friday. The demand for East Butte was good all day, and it showed an advance of 14 point over the close of last week. All classes of copper were well taken, and the buying showed well, and with liquidation soon over both markets will be higher. Total sales New York 600,000. London copper opened 3 pounds 15 shillings lower and closed with a recovery of 17 shillings, 6 pence.

## Your Brain Is a Battery

Its thoughts are the sparks that set Success in motion.

The simplest form of battery requires three factors to make the electric spark—(zinc, copper, and an acid).

The human brain also requires three vital elements to put forth thought—water, albumen and Phosphate of Potash.

In the Brain as in the Battery, let a single element become weakened from yesterday's use and lessened activity follows. Therefore, in order to keep a good working brain or add to its power, one absolutely must use food which contains albumen and Phosphate of Potash.

## Why not do a bit of thinking now?

Water and albumen exist plentifully in every-day food, but Phosphate of Potash is often lacking.

That missing element exists freely in the outer coating of wheat and barley, but the miller of white bread flour throws it out because it makes his flour brown instead of white.

## Grape-Nuts FOOD

Made of choice wheat and malted barley, retains the rich brain-building Phosphate of Potash required by Nature for supporting bright brains and active minds.

Pure! Wholesome! Appetizing! This food is partly pre-digested and quickly absorbed. A morning dish with cream provides force for accomplishment that many a man has come to know and appreciate.

Common Sense goes a long way toward making Success.

To eat right often means to be right,
